

# 7<sup>th</sup> / 8<sup>th</sup> Avenues West Sewer Main Replacement Project

## Public Notice

March 21, 2013

Planning

Design

Construction

Complete

- **Upgrade Existing Sewer Main to Increase Efficiency and Reduce Maintenance**
- **Preserve Streets and Adjacent Utilities**
- **Protect the Environment**

*Thank you in advance for your patience and cooperation as we make improvements to your neighborhood.*

**What:** This project will replace approximately 500 LF of aging 6-inch concrete sewer main within the alley with a new 8-inch main line, together with the replacement of 2 new shallow manholes. The work will take place along the full length of the alley between 7<sup>th</sup> and 8<sup>th</sup> Avenues West, and will include an asphalt overlay that will match existing driveway elevations and improve drainage. The existing residential sewer connections will be rebuilt to the right-of-way line with a new clean-out installed for inspection purposes just beyond or on the right-of-way line.

**Why:** Sewers built West of Market neighborhood are some of the original ones built in the city, dating back as far as 1941. The age and shallow slope of the main line within the alley between 7<sup>th</sup> and 8<sup>th</sup> Avenue W results in blockages that require more frequent and costly ongoing maintenance. Additionally sections of this pipe are cracked or have separated from each other resulting in the potential for sewage to leak into the surrounding soils. Replacing this sewer main will result in a more reliable sewer system with fewer blockages, requiring less maintenance and reducing the potential for leakage.

**When:** The project is currently in design with an anticipated construction start date of July 2013 and a duration of 5 weeks. Look for information at an Open House in your neighborhood (on-site) in June 2013.

**What to Expect:** The alley will be closed to vehicular traffic during construction for an 8-hour period between the hours of 7:00 a.m. to 6:00 p.m. Monday through Friday.

**Emergency vehicle access** – will be maintained throughout the construction project.

**After hours** – the alley will not be obstructed after the construction crew leaves; however, during the construction project, parking your vehicle on street will be required in order for work to proceed without interruption. Solid waste pick-up will be relocated to 7<sup>th</sup> Ave W and 8<sup>th</sup> Ave W for the project duration.

**Alternative Formats:** Persons with disabilities may request materials in alternative formats. Persons with hearing impairments may access the Washington State Telecommunications Relay Service at 711.

**Title VI:** It is the City of Kirkland's policy to ensure full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from programs and activities. Any person, who believes his /her Title VI protection has been violated, may file a complaint with the City of Kirkland. For questions regarding Kirkland's Title VI Program, or to file a complaint with the City of Kirkland contract - Kari Page, Neighborhood Outreach Coordinator at 425-587-3011 or [KPage@kirklandwa.gov](mailto:KPage@kirklandwa.gov).
